

## Region One Education Service Center Safe Transport Project

*Consider a Career  
as a Bus Driver*

“Transporting Tomorrow’s Future”

The mission of the Safe Transport Project is to recruit, prepare, mentor and certify responsible professional bus drivers for Region One ESC school districts and the state of Texas. *All classes are available in English & Spanish.*

Safe Transport Project will provide a structured classroom and hands-on behind the wheel bus driver preparation program designed to prepare candidates to obtain their Commercial Drivers License with a P&S Endorsement. Participants will also successfully complete the DPS Bus Driver Certification training to become fully certified school bus drivers and qualified to safely transport students in Texas public and private schools.

**Module #1 - CDL Handbook Training**

**Module #2 - CDL Behind-the-Wheel Training**

**Module #3 - School Bus Driver Certification Training**

*This is a 4-6 week program (depending on prior experience)*

Once the candidate completes the three tier modules he/she will be eligible to be hired by a school district of Texas. **Classes start soon!!!**

This is an excellent opportunity for current experienced school bus monitors, coaches, and community members to become certified as school bus drivers.
