

Free Apps

App	Description
<p>Ideament ios>ideament">https://apprecs.com>ios>ideament</p>	<p>Ideament lets you easily draw a diagram - mind map, concept map, or flow chart - and convert it to a text outline, and vice versa. You can use Ideament for anything, such as brainstorming new ideas, illustrating concepts, making lists and outlines, planning presentations, creating organizational charts, and more. You can copy text from another app, such as an email, document, or web page, and import it into Ideament to automatically create an idea. Diagrams and outlines can be easily shared via email or the cloud (Dropbox, Google Drive, OneDrive, Box) and copied directly into other apps. Diagrams can also be saved to the Photos app (to sync to your desktop) or uploaded to Facebook. Download for free, create an idea, and check out everything it has to offer. The in-app upgrade allows you to create an unlimited number of ideas.</p>
<p>Omoguru www.Omoguru.com/solutions/dyslexia-reading-app/</p>	<p>Omoguru dyslexia reading app helps adjust text appearance, make it clear, understandable and improve reading rhythm, focus and speed.</p>
<p>Reading Eggs https://www.readingeggs.com/ (one month free)</p>	<p>Reading Eggs' education apps for kids are designed by experienced teachers to promote real learning on the go. The colourful and interactive learning apps teach phonics, spelling, vocabulary, maths, sight words and more. The team of educators, animators and writers have created a range of educational apps for children of all ages, available on iPad, Android and iPhone.</p>
<p>Star Fall ABCs www.starfall.com</p>	<p>The Starfall ABCs FREE app is made possible by the member supporters of Starfall.com, a publicly supported nonprofit. The activities at Starfall.com motivate through exploration, positive reinforcement, and play. Children see, hear, and interact with letters and sounds in words, sentences, and games. They learn to recognize letters while developing the skills they need to become confident readers. All children, especially English language learners, benefit.</p>
<p>Learning Ally app">www.Learningally.org>app</p>	<p>Learning Ally Audiobooks, our award-winning reading app, is designed for students who learn through listening. Students who have a reading deficit, are blind, visually impaired or have a physical disability receive equitable access to grade-level content at their fingertips. Students receive unique login credentials, allowing them to download any of our more than 80,000 audiobooks to their personal online bookshelf, giving them 24/7 access to our game-changing assistive technology.</p>
<p>Photomath.net https://www.photomath.net</p>	<p>Photomath, is a math learning app with over 220 million downloads. Photomath is free and simple to use and acts as a digital math tutor for students and parents struggling with math homework. By scanning a handwritten or printed math problem from a smartphone, Photomath uses computer vision and machine learning to recognize and instantly solve basic arithmetic to advanced calculus. Photomath provides step-by-step instructions to guide students to understand and master math concepts.</p>
